Announcement on Investment in and Development of Real Estate Project in Beijing's Tongzhou District by CSCEC's Subsidiary

The Board of Directors of the Company and each member of the Board of Directors guarantee that the contents of the public announcement contain no false or misleading statements or major omission, and they are jointly and severally liable for the truthfulness, accuracy and completeness of the said contents.

The 17th meeting of the fourth Board of Directors of China State Construction Engineering Corporation Limited (hereinafter referred to as the "Company") reviewed and approved the investment by its subsidiary, China Construction Second Engineering Division Corp. Ltd., in the real estate development project at Block 0101 of the Beijing Municipal Administrative Center (hereinafter referred to as the "Project"). Recently, CSC Jiuhe Group, a subsidiary of China Construction Second Engineering Division, has successfully secured the land use rights for the Project.

Located in Beijing's Tongzhou District, the Project comprises Plots FZX-0101-0705~0708 and FZX-0101-0807~0811 from Beijing Municipal Administrative Center, covering a total area of about 112,800 square meters. The total building area, utilized in Floor Area Ratio (FAR) calculations, is approximately 261,900 square meters. The planned uses include residential housing and offices.

CSC Jiuhe has won the bidding for the land use right and will independently engage in project development. The land acquisition price for the Project is RMB 7.491 billion. The acquisition of the land use right and investment and development of the project is conducive to improving the Company's influence, leading position and brand appealing in Beijing market, and help the Company to deeply cultivate the real estate development market in Beijing. This Project is an investment decision made by the Company under the current status of market and based on the actual situations, with risks fully taken into consideration. Its successful implementation is subject to certain procedural requirements. The achievement of the project's intended objectives depends on factors such as macro policies, project development cycle and market demand. Investors are advised to take heed of investment risks.

The above is hereby announced.

The Board of Directors of China State Construction Engineering Corporation Limited
